HOCKEY CANADA SANCTIONING GUIDELINES

EVENT SANCTIONING

Definition / Directive / Types

Sanctioned events take place within clearly-defined parameters set out by your Member and its constituents. These can include association-, team- and league-scheduled practices, games, evaluations/tryouts and related activities. These activities, which would qualify as “normal” hockey program delivery, all fall within the scope of regular day-to-day operations of an association, team or league, and do not require specific sanctioning authority.

However, program extensions such as dryland training camps, exhibition games, fundraisers and tournaments all require separate specific sanctioning or approval.

It is understood that in the course of annual programming, many association, team, and league activities can fall outside what is considered to be normal programming. These kinds of activities usually occur away from the arena venue and in the surrounding community where opportunities exist to enhance the programs offered to our teams.

The following are guidelines with respect to the sanctioning of events by Hockey Canada Members. Please note that these are only tools to help you in your decision-making process and do not supersede Member sanctioning guidelines.

IMPORTANT NOTE REGARDING COVID-19

As hockey begins to reopen, it is important to be familiar with federal guidelines, public health authority guidelines and Member guidelines, and adhere to them.

It is also important to be familiar with facility guidelines and requirements specific to the prevention of COVID-19. The conditions related to COVID-19 are different across the country. It will be important to assess the current situation to help to build programming that fits.

Lastly, it is expected that associations, teams and leagues will follow the hygiene recommendations of their public health authority, Hockey Canada Member and Hockey Canada for all activities.

It is crucial to always keep in mind to continue to update and enforce risk-management guidelines as new risks emerge, such as COVID-19.

Sanctioning Guidelines

Event	Notes & Conditions
<p>Administration</p> <p>Ice and facility rentals</p> <p>Hold Harmless clauses:</p> <p>Facility contracts may contain wording which attempts to offload all responsibility on the user when anything goes wrong. Such things as defective arena equipment, carelessness/negligence of arena staff and the actions of other ice users in the community are beyond your control and you must not be held responsible. Look carefully at the wording of your contract and specifically for such phrases as “save and hold harmless,” “responsible for any damage,” and “we (facility) will not be held responsible for....”</p>	<ul style="list-style-type: none"> • Coverage only applies when the agreement does not include a Hold Harmless clause. Where the agreement includes such a clause, the burden of responsibility lies with the signor and not Hockey Canada. • If there is uncertainty as to contract wording, ensure to obtain assistance from someone with knowledge in the area of contracts.
<p>Team bus rentals</p>	<ul style="list-style-type: none"> • Only Hockey Canada participants are covered. • Driver and the bus itself are not covered. • Ensure the bus company has appropriate liability insurance. • Ensure drivers are appropriately licensed. • The bus should only be used for team-related travel. • Players should stay seated when the bus is in motion, and if seatbelts are available they should be worn. • Always follow the rules of the bus company with respect to safety.

Proof of Insurance

Local hockey associations are often asked to provide a proof of insurance to those renting the ice/facility. Proof of insurance requests are also often requested for dryland training or other low-risk events. Specific details as to why the request is being filed should be noted in the initial request to the Member. This should include specifics with respect to the activities that will be participated in.
