

Policy On Travel to Out of Province Tournaments

Hockey NL has approved travel for any team wishing to participate in out of province tournaments.

With the launch of the provincial vaccination program for children ages 5 to 11, Teams in U13 and U11 will be eligible for travel outside of Newfoundland and Labrador.

Teams are reminded that all provincial Public Health guidelines must be followed for any province of travel. Please note that guidelines may also include those for a province of transit. All teams are encouraged to review the guidelines prior to departure.

All members are reminded that travel restrictions are still in place from the Government of Newfoundland and Labrador that must be adhered to. All members require VaxPassNL app on their phone/portable device or a paper copy of their vaccination record along with the appropriate government issued ID.

Please note Hockey NL is not responsible for any interruption in travel or expenses incurred as a result of travel disruption.

Hockey NL would also like to strongly encourage all of our teams and hockey families to follow these guidelines to further decrease the risk of a COVID-19 exposure:

- Wear masks at all times while indoors (only removing them for eating, drinking and playing hockey);
- Always wear masks while in crowded outdoor spaces where physical distancing cannot be maintained;
- Avoid crowded restaurants (and only visit restaurants where servers are masked);
- Wash and sanitize hands frequently;
- Avoid close contact with people you do not know; and
- Consider shopping for essential items only.

Future updates may be circulated should the Covid-19 situation change and depending on the location of travel. Together we can help prevent the spread of Covid-19 and allow all members to get back playing the game we love.
