

MEMORANDUM

TO: All Minor Hockey Associations

RE: **Final Grading Report**

Please find attached, the Final Grading Report for the 2025-26 season. Thanks to all who have provided scores and other data via the provincial scoring site. We would like to apologize for the site being down for part of the season but in working with the web developer we were able to retrieve all data and hope to have this site working in real time next season with live stadium scoring. I would also like to thank the Grading Committee for their work in placing over 250 teams across the province.

When viewing the Grading Report, it is important to pay attention to the teams in your provincial tournament bracket, versus the letter assigned to the bracket. In some cases, while the letter may not have changed, there are changes on the composition of the brackets to reflect the data provided.

We also request all associations please cancel any unnecessary accommodation bookings to allow teams to plan for travel. As you are aware, it is frustrating to find accommodations booked prior to grading. Having these released ASAP will help host organizations secure all teams in a timely fashion.

Finally, note that this is the final grading and is not subject to appeal. Should you have questions or concerns, please bring them to your respective area member from the association President. Coach's, Parents, and other stakeholders will get their information and answers from the Presidents to ensure consistency in messaging.

Yours in Hockey,

Dean Ralph
Interim Chair, Minor Council Executive Committee,
