OFFICIAL SPOTLIGHT: JAYDEN TURNER AND BLAKE MULLALEY NAMED OFFICIALS OF THE MONTH

Blake Mullaley

Jayden Turner

"Blake has been officiating for three seasons and quickly became a trusted mentor for younger officials. He works close to 100 games each season and volunteers additional time to support others. A strong linesperson and referee, he has a confident on-ice presence, communicates well with players, and has a deep understanding of the rulebook. Blake consistently takes on any game he's available for, demonstrating his passion and commitment to officiating and his continued growth in the role."
— Scott Francis, Referee in Chief, Paradise Minor Hockey

"Jayden is a third year official who is currently in his second year of u18. Jayden always shows up early and whenever you asks if he's too busy to cover a game last second, he asks what needs to be done. Jayden has shifted into one of our mentors this year at southern shore minor and is always giving our newer officials encouragement and support. Jayden is always eager to learn and his attitude makes other officials around him better."- Darcy O'Neil, Referee in Chief, Southern Shore Minor
