DEVELOPMENT 1 EXEMPTION REQUEST POLICY

Any coach wishing to apply for an exemption is asked to submit a short essay (approximately 500 words) explaining why they should be granted an exemption to complete the Development 1 course. The essay must include a hockey résumé outlining past playing and coaching experience, proof of registration within Hockey NL, and any other relevant coaching experience.

Exemption request essays must be submitted to the **NCCP Coordinator** and **Manager, Development and High Performance** for approval. Each request will be evaluated on its individual merits by the NCCP Coordinator, Manager, Development and High Performance, and the Hockey Development Chair.

Hockey Development Chair

Please Note:
This Development 1 exemption request does **not** permit coaches to be exempt from completing their Development 1 certification. It only allows coaches to register for a Development 1 course without completing the prerequisite when coaching at a level where Development 1 certification is required.
